

'Getting to know Brush'

Proud to be working in partnership with AFTA

Peter 'Brush' Bellingham
Network Marine - Senior
Business Manager

Assisting AFTA members with their insurance needs

As a lifelong enthusiast for all things boating & fishing, Peter Bellingham has spent a large part of his life on the water sailing competitively around the world. Combining this with his extensive business experience, he is perfectly placed to work with AFTA members nationally in his role as **Senior Business Manager at Network Marine Insurance**.

Fishing off Port Douglas

Network Marine is a division of Network Insurance Group (NIG), one of the largest Australian-owned Insurance Brokerages. Whilst NIG insures a broad cross-section of risks and industries, we have a 35+ year history in Marine Industry Insurance, which today bears an incredibly strong team of technical marine brokers and claims personnel.

Peter's role at Network Marine is primarily to work closely in the market with Marine industry businesses, such as Boat builders, dealers & repairers, fishing tackle retailers & wholesalers, and marinas & yacht clubs. AFTA members are a key part of Network Marine Insurance's offering and the provision of advice & risk solutions to support members' needs.

Life on the water provides valuable learning on how the oceans can be perilous and unpredictable. Water activities are therefore about preparation, safety, and risk management – which are the core fundamentals of adequate Insurance programs. Peter's passion for the marine industry aligned with his insurance experience gives all AFTA members valuable insurance support.
